

1. Representatives of member countries have reconfirmed the significance of the Asian Forum and recognize that it should be continued in the future.

2. Members of the Asian Forum are the Key Persons representing both governments and industries, which may characterize the feature of the Forum.

3. The following topics are taken up in the group sessions of 3rd Forum and the summary of discussions in each group session is attached:

- Sustainable Building in Asia
- Standard Practices for Building Process in Asia
- Housing Policy and the Market

4. The topics which will be taken up in the future Forums will be based upon the proposals and requests of the participating representatives. Participants are expected to propose the topics, considering and identifying their own interests which will be assumed from discussions in the Forum. The secretariat will be responsible for setting up of the future topics through e-mail communication.

5. It is scheduled that the Government of Japan could sponsor and arrange next two Asian Forum meetings in the years to come. Beyond that, if we would agree to continue our relationship and collaboration and develop the activities of the forum, it is requested that each member country is participating actively sharing the responsibility to sustain Asian Forum framework respectively. The coming twelve months require us to ponder this possibility.

6. To enhance this possibility to develop the Asian Forum, we have to identify and illustrate the significance of the out-come of Asian Forum. To this end, we should concentrate our future efforts to define this significance.

7. If the participants recognize the utilization of Asian Forum, each participant will find the merit for the country and industry. Also it will develop the respect of Asian Forum.
